### **3rd Edition of the Roman Missal, Bulk Order**

Two Editions (\$400 & \$280, for pickup at Pastoral Center)

Regal Edition-bound in genuine leather, bearing the gold-stamped image of Christ Pantocrator, gold-stamped Florentine edges on the inside of the cover, more ornate ribbons, and a protective, red, cloth-wrapped box will safeguard the missal from being soiled or damaged when not in use. Cost is \$400 a 20% discount.

Classic Edition-bound in a durable, rich, faux leather, bearing the gold-stamped image of Christ Pantocrator, Cost is \$280, a 20% discount

Both editions include the following:

- Published by Midwest Theological Forum
- The Smyth-sewn binding and robust, embossed endsheets will allow the missal to lay open and hold up to everyday use.
- Full-color illustrations from the Church's treasury of fine art will adorn the seasons and principal feasts of the liturgical year.
- The gilded edges will be struck with red and then gold to preserve their beauty even when the book is laid open.
- The prayers will be printed in black with red rubrics on august cream paper.
- The 24 tabs will be made of genuine leather and firmly attached to the page to facilitate the turning of pages and prevent tearing.
- The gold-stamped Florentine edges on the inside of the cover will testify to the attention to detail employed throughout this missal.
- Ribbons will be custom-made with a slug so they do not damage the pages or binding.
- The cream-colored, 60 gsm paper will be thin enough to maintain a manageable weight but sufficiently opaque to ensure the clear legibility of the text. Pages used more often will utilize thicker, 100 gsm paper to ensure their durability.
